7. **Request procedure in terms of PAIA**

Any individual or interested party (hereafter called requestor) may request for access to records held by Motus in terms of section 50 of PAIA. Such request must be made on the form contained in the Regulations Regarding the Promotion of Access to Information (Form C). A copy of the form is attached as Annexure A to this manual. The request must be made to Mr. Brandon Cohen, the information officer for Motus, at the address, telefax number or email address, specified in paragraph 2 above.

A requester must provide sufficient detail on the prescribed form to allow Motus to identify the record or records which have been requested and the identity of the requester. If a request is made on behalf of another person or entity, the requester must submit details and proof of the capacity in which the requester is making the request, which must be reasonably satisfactory to Motus. The requester is also required to indicate the form of access to the relevant records that is required, and to provide his, her or its contact details in the Republic of South Africa.
The requester must identify the right that he, she or it is seeking to exercise by accessing records held by Motus and must explain why the particular record or records requested is or are required for the exercise or protection of that right.

Motus may, and must in certain instances, refuse access to records on any of the grounds set out in Chapter 4 of Part 3 of PAIA which include: that access would result in the unreasonable disclosure of personal information about a third party, that it is necessary to protect the commercial information of a third party or of Motus itself, that it is necessary to protect the confidential information of a third party, that it is necessary to protect the safety of individuals or property, that a record constitutes privileged information for the purpose of legal proceedings, and that it is necessary to protect the research information of a third party or Motus itself. Access to documents may also be refused on the basis of professional privilege.

Motus is required to inform a requester in writing of its decision in relation to a request. If the requester wishes to be informed of Motus’ decision in another manner as well, this must be set out in the request and the relevant details included, to allow Motus to inform the requester in the preferred manner.

Motus will make a decision in relation to a request for records within 30 days of receiving it, unless third parties are required to be notified of the request or the 30-day period is extended as provided for in PAIA. Motus will notify the requester if the 30-day period for processing a request is to be extended.

Where a request is refused, a requester may lodge a complaint in writing with the Information Regulator, or apply to the High Court within 180 days of being informed of the refusal of the request, for an order compelling the record or records requested to be made available to the requester or for another appropriate order. The Court will determine whether the records should be made available or not.

8. **Fees payable**

A requester has to pay a **request fee** of R50.00, other than where the requester is seeking access to a record containing personal information about him, her or itself. This request fee may be paid at the time a request is made, or the person authorised to deal with such requests on Motus’ behalf may notify the requester that he, she or it needs to pay the request fee before processing the request any further. A requester may apply to Court to be exempted from the requirement to pay the request fee.

Where a request for access to a record or records held by Motus is granted, the requester also has to pay an **access fee** for the reproduction of the record or records, and for the search for and the preparation of the records for disclosure. Motus is entitled to withhold a record until the required access fees have been paid. The access fees which are payable are as follows:

</table>

In addition, if the search for and preparation of the record or records requested takes more than six hours, Motus may charge R30.00 for each hour or part thereof which is required for the search for and preparation of the records.

If Motus is of the opinion that the search for and the preparation of the records requested will require more than six hours, Motus is entitled to ask for a deposit of one third of the access fees which will be payable in respect of the records requested by the requester. The requester may make an application to Court to be exempted from the requirement to pay this deposit. If a deposit is made and access to the records requested is subsequently refused, the deposit will be repaid to the requester.

If Motus cannot find the records that the requester is looking for despite reasonable and diligent search and it believes either that the records are lost or that the records are in its possession but unattainable, the requester will receive a notice in this regard from the information officer in the form of an affidavit setting out the measures taken to locate the documents and the inability to locate the documents.
